

**আমি WordPress চাই না।
আমি Laravel + Bootstrap 5-এ ঠিক TechTLK Theme-এর মতো UI/UX চাই।**

**আমার চাহিদা:
একই Header Style
একই Hero Banner Style
একই Services Layout
একই About Section Style
একই Portfolio Style
একই Technology Section
একই Testimonials Style
একই FAQ Design
একই Footer Design
একই Premium Animation
Fully Responsive**

WordPress Code ব্যবহার করার দরকার নেই। শুধু Design, Layout এবং User Experience TechTLK-এর মতো হতে হবে।
